ABOUT US

We offer unique, quality products specialised for those who live for Pole Fitness (and Pole Dancing). Our products are made with precision from high quality materials. A couple of years ago my twin sister and I came up with the brand name, Twinsfit. We have had great results with our Pole Fitness attire brand, resulting in many satisfied customers in Hungary. It was this success that led us to pursue our vision, to expand into foreign markets and to custom tailor to the needs and specifications of different studios.

With the help of our online colour product customizer you can choose the clothing to your desired specifications. Be it just one product or a two piece set for your studio, we can customise it.

DESIGNING

TOPS

These are popular items! The back or front knot tops are made up of 95 % viscose and 5% elastane. The material can absorb moisture more efficiently than cotton. Our clothing made with viscose is very fine, soft and has a nice feel on your skin. It is suited not only for sports but for the comfort of everyday wear on a hot summer day.

JOGGING SUITS

The two piece, cotton jogging suits are very comfortable for sports and everyday wear in the colour of your choice.
